FAQ

CAN WE ADD ON SERVICES AFTER THE WEDDING?

Yes, absolutely. We keep everything on hard drives for years after your wedding so if you decide that you'd like a ceremony edit, or more edited photos or virtually anything else at a later date we can do that.

HOW DOES DIGITAL DELIVERY WORK?

For videography edits the films are uploaded to youtube and a private page is created on our website which hosts all of your videos. The hard copies of each video are also emailed to you for safe keeping.

For photography all of the photos are uploaded to pixieset and emailed to you password protected. You then have the option to download however many of the images you want.

For content creation, the raw files are all sent to you via dropbox where you can view and download them all.

DO YOU CHARGE A TRAVEL FEE?

Most wedding won't have a travel fee. Travel fees only apply to weddings more than 150km from Hamilton. If your venue is more than 150km from Hamilton then a travel fee of \$0.50/km each way will apply. For example, if your venue is 200km away then a fee of \$200 will be added to the total cost of your package. This is to help cover the cost of gas, our time and possibly the cost of a hotel depending on the hours we're shooting.

WHAT IS RAW FOOTAGE?

Raw footage is when we take every clip that we shot throughout your wedding day, place them all on a timeline and export them as one long video. Often 2+ hours long

WHY IS RAW FOOTAGE SO EXPENSIVE?

There's actually quite a bit of work that goes into making the raw footage presentable for you. First we cull all of the useless shots, then we organize every shot by time of day so they're sequential, then we colour grade all of the footage, sync up ceremony and speech audio so it's watchable etc. The export process can also take a lot of time due to the size of the file. It's more work than you'd think!

FAQ

HOW MANY PHOTOS SHOULD WE GET?

This is an excellent question and if you are considering our photography services it's probably one of the first things you are asking yourself.

With traditional photography packages the average number of photos provided ranges between 50-75 per hour. So theoretically if you were to book us for 10 hours of coverage you may want to order between 500-750 edited photos. However, the number is entirely up to you. If you have the budget and you want to spend a bit more to get more photos from your day then you can. If you don't think you really need that many photos and you'd like to lower the cost a bit then you can choose to have fewer edited photos. We've structured our pricing this way to provide as much flexibility as possible for every couple when planning and budgeting for their day.

HOW LONG ARE THE FILMS?

We actually have a page on our website with examples of the different films that we offer. Check out our wedding film guide at twobirdweddings.com/film-guide

WHAT IS YOUR SHOOTING STYLE?

We're pretty flexible so this will vary from couple to couple depending on what they're looking for from their photos. Generally though we tend to favour a more natural, candid and authentic shooting style over posing and directing our couples. There are definitely times during the day, such as the couple portraits, that call for direction and for our team to use our years of experience to make sure we get the best possible photos for you. But overall we like to let moments occur organically so that we can capture moments of genuine emotion as much as possible. To us the entire day is a dance where we weave in and out of our different shooting styles to make sure your day unfolds exactly how you want it to.

WHY SHOULD WE HIRE YOU?

Honestly, because we're great. But there are lots of great vendors out there! The province is filled with wonderful, experienced vendors who we know would do an awesome job capturing your day. We encourage you to look around and research your options because we know what a big decision this is for you. If after all of your research you think that our work and our style speaks to you the most then we'd love to chat! We're super easy to get along with and we'd love to get to know you more.

THANKS FOR READING!
